Banded Ear Plugs

Overview
Ergonomic plugs fit outside the opening of the ear canal for noise protection, while the band insures out-of-the-way comfort and plugs from contact with dirty surfaces when set down. Ideal for short jobs, moving in and out of noise areas or for visitors.

- Features
- Co-Injected TPR reduces pressure on the ear canal, allowing a more comfortable fit
 - Foam plug fits the shape of the ear canal opening snugly, for stability, comfort and improved sound attenuation
 - Curved design keeps pods from contact with dirty surfaces
 - Pair of replacement pods included
